VIENNA, Nov. 25-The Services bomburded Widdin the whole night long, and at 6 o'clock this morning, after being strongly reinforced, they attempted to carry the city by assault but were repulsed after three hours'

sanguinary fighting.
The Montenegrin official Gazette today hints that if Prince Alexander attempts to execute his allege threat to annihilate the Servians, Montenegro will not remain an indifferent spec-

LONDON, Nov. 25-A dispatch from Solia this afternoon, says: "King Milan sent a message, under a flag of truce, to the Bulgarian advanced line, proposing peace at the request of the powers. The Bulgarian commander sent the message to Prince Alexander. The latter declined to accept the proposition, on the ground that Bulgaria had not received such a request from the powers. Prince Alexander refuses to consider a peace proposal until the Servians have evacuated the Widdin district and the amount of war indemnity payable by Servia to Bulgaria has been fixed.

BELGRADS, Nov. 25-King Milan has returned to this city. The war is considered to be over. The order sum moning the Landstrum for active service has been countermanded.

#### Singular Attempt at Suicide.

CHICAGO, Nov. 25-A woman named Libbie Blow, occupying rooms in the rear of No. 543 South Clark street, attempted suicide at 12:30 o'clock this morning by firing her clothes, which she had saturated with kerosene oil. Her screams were heard by a policeman. He saw flames in the house and ran through a narrow paseage. The woman enveloped in fire tried to run by him into the open air, but he the fire with his clothing. The furniture and carpeting caught fire, but the officer extinguished the blaze with a few buckets of water and sent the woman to the county hospital. She was badly burned and will die.

#### Death of John Alken.

After a long suffering illness, Mr. John Aiken passed away at an early hour yesterday morning. He has been a citizen of Vicksburg since the war, member of the famous Swett's Battery. His death was not unexpected, for his health has been failing for several months. Mr. Aiken was born and raised in the city of Philadelphia, where an aged mother will weep for her only son. He came out of the army and located in this city, and married a daughter of man than John Aiken. He loved his

family, and his epitaph will be,
"Here lies a man who had no enemy."
The funeral will take place from St. Paul's Catholic church, of which Mr. Aiken was a devoted member, at 3 o'clock to-day.

#### A Model House.

Our citizens and residents of the county should, beyond all doubt, call in and see the excellent stock of D. J. Shlenker and the tasteful manner in which it is arranged. Everything needed in the dry goods line, together with a well selected stock of boots, shoes and clothing can be found here, His prices are the lowest, and his obliging clerks will take pleasure in showing his goods. Connected with his establishing is a large and well supplied grocery store, especially adopted to the wants of country people. When searching for bargains look in and see him, and if he cannot suit you, there is no use looking elsewhere.

Ar half-past 4 o'clock yesterday morning a small frame building on Veto street was discovered on fire, which was totally destroyed, and two other buildings adjoining, of no great value, were partially burned. The fire was in a very dangerous locality, being surrounded by frame buildings on all sides. The steamers of the Washington and Phonix fire companies did splendid work and stopped the fire where it started, and prevented a disastrous conflagration.

## Reported Outbreak

Rumors of late have been numerous to the effect that a number of mothers, while nursing their babes, have been as if struck senseless by an invisible foe.

It has been discovered that this enemy of woman kind exists in exhausted nature for many endeavor to conduct a household and strain their endurance while suffering from disorders peculiar to their condition. Creole Female Tonic has always been found a safe and sure remedy for all suffering wives and mothers.

SOFIA will coyly repel King Milan's advances.

## Excitement in Texas.

Great excitement has been caused in the vicinity of Paris. Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could nor turn in bed, or raise his head; everybody said he was dying of consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-

Opium, morphine, strychnine, aconite, whisky, etc., are all de diy poisons, and are daily de-stroying the lives of people, and why do not these men ery out against them? It is because there is no money in sight to do so. Iodide of Fotash, in proper combination, is regarded by the medical profession as the quickest, grandest and most powerful blood remedy ever known to man. Those who believe in revealed combinations and Indian foolishness are surely in a condition to become rather "cranky" in their ideas at any time. We assert understandingly that Potash, as used in the manufacture of B. ### DR. C. P. DUNCAN'S LIVER and KIDNEY MEDICINE,

The great superfority of this medicine over all other Liver Medicines, consists in the combination of those vegetable compounds which possess the wenderful power of arousing all the secretions of the whole human system to a natural and healthy action. It acts upon the liver directly, and at the same time sets up a proper secretion of these glands situated in the stomach and bowels. It is a locking up of the secretions of these glands that brings on dyspensia indigestion, sour stomach, heart-burn, naipitation of the heart, vertigo or swimming of the bowels, accompanied at the same time with naiss in the shoulders, back, sides and times. To treat the above symptomisintelligently and successfully not all other cases, you must use the medicine that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at some the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at and removes the causes from the system that strikes at an at the same time that strikes at an at the same time that strikes at an at the same time t
